- (5) For the purposes of subsection (3), where the interest equivalent mentioned in that subsection is deducted against chargeable gains, or treated as reducing the corporation tax payable on profits chargeable to tax at the CGT rate, then the amount by which the interest equivalent shall be reduced in respect of a disallowable amount shall be calculated by applying the following fraction:

$T \text{ rate}/CGT \text{ rate.}$

- (6) Where a reduction of interest equivalent in accordance with subsection (3) reduces an amount of interest equivalent deducted in connection with the provision of a specified intangible asset, by reference to which allowances referred to in section 291A(6)(a)(i) are made, then for the purposes of section 291A(6), the aggregate amount for an accounting period referred to in section 291A(6)(a) shall be an amount calculated by reference to the interest equivalent so reduced.

Carry forward of disallowable amount

- 835AAD.** (1) Where section 835AAC applies to a relevant entity for an accounting period (in this section referred to as the 'first-mentioned accounting period'), the relevant entity may carry forward the disallowable amount to succeeding accounting periods in accordance with this section and any such amount carried forward shall be referred to in this section as a 'deemed borrowing cost'.
- (2) This subsection applies where an amount of deemed borrowing cost

arises from a disallowable amount which would have, but for this Part, reduced the amount of tax payable by the relevant entity in the first-mentioned accounting period or the accounting period immediately prior to the first-mentioned accounting period.

- (3) Subject to subsections (5), (6), (15) and (16), where subsection (2) applies, a relevant entity may make a claim to deduct the amount of deemed borrowing cost referred to in subsection (2), or a portion thereof—
- (a) from its total profits or chargeable gains arising in an accounting period subsequent to the first-mentioned accounting period, or
 - (b) where there is an insufficiency of such profits, to create a loss or excess in an accounting period subsequent to the first-mentioned accounting period and relief for that loss or excess shall be given in accordance with section 31, 396(1) or 399, as the case may be, and sections 397, 400 and 401 shall apply to that loss.
- (4) Where a claim is made for a deduction under subsection (3), any such deduction shall be applied after all other claims for relief have been made.
- (5) Where a deemed borrowing cost is deducted from profits chargeable to tax at the P rate, for the purpose of calculating the amount of the deemed borrowing cost applied in reducing the amount of profits chargeable to tax at that rate, the amount of deemed borrowing cost shall be multiplied by the following fraction:

$$\text{P rate/T rate.}$$

- (6) Where a deemed borrowing cost is deducted from chargeable gains, for the purpose of calculating the amount of the deemed borrowing cost applied in reducing the amount of chargeable gains chargeable to tax at the CGT rate, the amount of deemed borrowing cost shall be multiplied by the following fraction:

$$\text{CGT rate/T rate.}$$

- (7) This subsection applies where an amount of deemed borrowing cost arises from a disallowable amount which would have, but for this Part, resulted in the relevant entity—
- (a) incurring a loss or excess,
 - (b) incurring a greater loss or excess than would have been incurred, or
 - (c) offsetting a lower amount of loss or excess against its income under section 396(1), 399(1) or 399(2) than would have been offset,
- in the first-mentioned accounting period.
- (8) Subject to subsections (9), (10), (15) and (16), where subsection (7)

applies, a relevant entity's deemed borrowing cost shall be treated as a loss or excess incurred in the first-mentioned accounting period (to the extent such a loss or excess would have arisen but for this Part) and relief for that loss or excess shall be given in accordance with section 31, 396(1) or 399, as the case may be, and sections 397, 400 and 401 shall apply to the amount of deemed borrowing cost referred to in subsection (7) in the same manner as they apply to a loss.

- (9) Where a deemed borrowing cost that is treated as a loss or excess incurred in the first-mentioned accounting period is deducted from profits chargeable to tax at the P rate, for the purpose of calculating the amount of deemed borrowing cost treated as a loss or excess applied in reducing the amount of profits chargeable to tax at that rate, the amount of deemed borrowing cost treated as a loss or excess shall be multiplied by the following fraction:

P rate/T rate.

- (10) Where a deemed borrowing cost that is treated as a loss incurred in the first-mentioned accounting period is deducted from chargeable gains, for the purpose of calculating the amount of deemed borrowing cost treated as a loss applied in reducing the amount of profits chargeable to tax at the CGT rate, the amount of deemed borrowing cost treated as a loss shall be multiplied by the following fraction:

CGT rate/T rate.

- (11) This subsection applies where an amount of deemed borrowing cost arises from a disallowable amount which would have, but for this Part, resulted in a relevant entity incurring—

- (a) an excess of expenses of management referred to in section 83(3),
or
(b) a greater excess of expenses of management than would have been incurred,

in the first-mentioned accounting period.

- (12) Subject to subsections (13), (14), (15) and (16), where subsection (11) applies, the amount of deemed borrowing cost of the relevant entity shall be treated for the purposes of subsection (3) of section 83, and any further application of that subsection, as if it has been disbursed as expenses of management for the first-mentioned accounting period.

- (13) Where a deemed borrowing cost that is treated as if it has been disbursed as expenses of management incurred in the first-mentioned accounting period is deducted from profits chargeable to tax at the P rate, for the purpose of calculating the amount of deemed borrowing cost treated as expenses of management applied in reducing the amount of profits chargeable to tax at that rate, the amount of deemed

borrowing cost treated as an expense of management shall be multiplied by the following fraction:

$P \text{ rate}/T \text{ rate.}$

- (14) Where a deemed borrowing cost that is treated as if it has been disbursed as expenses of management incurred in the first-mentioned accounting period is deducted from chargeable gains, for the purpose of calculating the amount of deemed borrowing cost treated as expenses of management applied in reducing the amount of chargeable gains chargeable to tax at the CGT rate, the amount of deemed borrowing cost treated as an expense of management shall be multiplied by the following fraction:

$CGT \text{ rate}/T \text{ rate.}$

- (15) The aggregate of the deemed borrowing cost utilised in an accounting period under subsections (3), (8) and (12) shall be limited to the amount of the total spare capacity in the accounting period.
- (16) Where the relief available under subsections (3), (8) and (12) would, but for subsection (15), exceed the total spare capacity of a relevant entity in an accounting period, relief under subsection (8) shall be given in priority to relief under subsection (3) or (12).
- (17) For the purposes of determining, in respect of a disallowable amount carried forward in accordance with subsection (1), the amount of relief available in accordance with subsections (3), (8) and (12) in an accounting period (in this subsection referred to as the ‘relevant accounting period’) subsequent to the first-mentioned accounting period, the amount of relief given in respect of the deemed borrowing cost concerned under those subsections in the accounting periods, if any, prior to the relevant accounting period shall be deducted from the amount of the deemed borrowing cost.
- (18) A deemed borrowing cost shall not be taken into account in calculating a relevant entity’s deductible interest equivalent in an accounting period subsequent to the first-mentioned accounting period.
- (19) Notwithstanding anything in this section, no amount shall be deductible in respect of a deemed borrowing cost that arises from a disallowable amount which reduced an amount of interest equivalent deducted in connection with the provision of a specified intangible asset, by reference to which allowances referred to in section 291A(6)(a)(i) are made, and for the purposes of section 291A(6)(b)(ii) such amount shall, for the accounting period in which the disallowable amount arises, be treated as an amount of interest for which relief cannot be given by virtue of section 291A(6)(a).

Carry forward of total spare capacity

- 835AAE.** (1) A relevant entity may carry forward its total spare capacity for a period not exceeding 60 months from the end of the accounting period in which the total spare capacity arose (in this section referred to as the ‘relevant period’).
- (2) Where a disallowable amount arises in respect of a relevant entity for an accounting period during a relevant period, the relevant entity may, on making a claim, reduce the disallowable amount by an amount of the total spare capacity carried forward from a previous accounting period in accordance with subsection (1).
- (3) Where a claim is made under subsection (2)—
- (a) the disallowable amount for the accounting period concerned shall, subject to subsection (4), be reduced by the amount of total spare capacity carried forward from the previous accounting period, and
- (b) the amount of total spare capacity not applied to reduce the disallowable amount in the accounting period shall be carried forward to the next accounting period.
- (4) Where the total spare capacity carried forward from previous accounting periods is greater than the disallowable amount for an accounting period, the relevant entity shall, in reducing the disallowable amount, apply total spare capacity which has arisen in an earlier accounting period in priority to total spare capacity which has arisen in a later accounting period.
- (5) Where a disallowable amount arises in respect of a relevant entity for an accounting period which begins before the end of a relevant period in respect of an amount of total spare capacity being applied to reduce the disallowable amount, the amount of total spare capacity shall be reduced by multiplying it by the following fraction:

$$A/B$$

where—

A is the length of the period common to the relevant period and accounting period, and

B is the length of the accounting period.

- (6) For the purposes of determining the amount of relief available for total spare capacity, after the making of a claim or claims for relief under this section, or under subsection (3), (8) or (10) of section 835AAD, the amount of total spare capacity available for any subsequent claims shall be reduced by the amount claimed under the first-mentioned claims.

Reporting

- 835AAF.** (1) Subject to subsection (2), a company shall make a return, by the specified return date for the accounting period, in the form specified by the Revenue Commissioners for that purpose.
- (2) The return referred to in subsection (1) may include the following details in respect of the company and an accounting period:
- (a) EBITDA;
 - (b) the allowable amount;
 - (c) exceeding borrowing costs;
 - (d) the disallowable amount;
 - (e) interest spare capacity;
 - (f) limitation spare capacity;
 - (g) in respect of amounts carried forward from prior accounting periods—
 - (i) deemed borrowing cost carried forward,
 - (ii) deemed borrowing cost utilised in the accounting period,
 - (iii) total spare capacity carried forward, and
 - (iv) total spare capacity utilised in the accounting period;
 - (h) where the group ratio election is made in accordance with section 835AAH—
 - (i) group exceeding borrowing costs, and
 - (ii) group EBITDA;
 - (i) where the group equity election is made in accordance with section 835AAI—
 - (i) the amount inserted in respect of E, for the company and the worldwide group, in the formula for the calculation of the ratio of equity over total assets in section 835AAI(1), and
 - (ii) the amount inserted in respect of A, for the company and the worldwide group, in the formula for the calculation of the ratio of equity over total assets in section 835AAI(1);
 - (j) whether the company is a single company worldwide group.
- (3) Where a company is a member of an interest group and section 835AAM applies, paragraphs (a), (b), (c), (h), (i) and (j) of subsection (2) shall not apply.

Chapter 3

*Group and equity ratio***Interpretation (Chapter 3)****835AAG.** (1) In this Chapter—

‘associated enterprise’ has the same meaning as it has in Part 35C, other than in Chapters 2, 3 and 8 of that Part and in the application of that Part to hybrid entities;

‘group EBITDA’ means the amount included in respect of profit or loss, before taking into account any amount of income tax, finance income, finance costs, depreciation, amortisation or impairments, excluding any amounts in respect of a qualifying long-term infrastructure project, in the ultimate consolidated financial statements of the group of which the relevant entity is a member for the period in which the relevant entity’s accounting period ends;

‘group exceeding borrowing costs’ means the amount included in respect of net finance expense, excluding any amount of finance income or finance expense in respect of a qualifying long-term infrastructure project, in the ultimate consolidated financial statements of the group of which the relevant entity is a member for the period in which the relevant entity’s accounting period ends;

‘group ratio’ means the following fraction expressed as a percentage:

$$\frac{\text{(group exceeding borrowing costs)}}{\text{(group EBITDA)}}.$$

- (2) Where a relevant entity is a single company worldwide group, group exceeding borrowing costs and group EBITDA shall be calculated on the basis of the financial statements of the relevant entity prepared under generally accepted accounting practice, adjusted such that transactions with associated enterprises are disregarded.
- (3) Where arrangements are entered into by any person and it is reasonable to consider that the main purpose or one of the main purposes of the arrangements, or any part of them, is the avoidance of the effect of the adjustment referred to in subsection (2), then that subsection shall apply as if the arrangements, or the part of them, as the case may be, had not been entered into.

Group ratio

- 835AAH.** (1) Subject to section 835AAJ(2) and (3), where the group ratio exceeds 30 per cent for an accounting period of a relevant entity, the relevant entity may make an election under this subsection.
- (2) Where a relevant entity makes an election under subsection (1), the definition of ‘allowable amount’ in section 835AY(2) shall, for the purposes of the application of this Part to the relevant entity for the

accounting period concerned, be subject to the modification that the reference in that definition to the EBITDA limit shall be construed as a reference to the group ratio of the relevant entity for that accounting period.

Equity ratio

835AAI. (1) In this section, ‘ratio of equity over total assets’ means the following fraction expressed as a percentage:

$$E/A$$

where—

E is the equity, including share capital, share premium and reserves of a relevant entity, worldwide group or single company worldwide group, and

A is the total assets, of a relevant entity, worldwide group or single company worldwide group,

in each case, as disclosed in the financial statements of the relevant entity, worldwide group or single company worldwide group, as the case may be, which are prepared under generally accepted accounting practice or an alternative body of accounting standards.

- (2) For the purpose of calculating the ratio of equity over total assets for a single company worldwide group, the amount to be included as E in the formula in subsection (1) shall be increased by an amount equal to the amount owed by the relevant entity to its associated enterprises which gives rise to deductible interest equivalent.
- (3) This section applies to a relevant entity in respect of an accounting period where—
 - (a) the relevant entity’s ratio of equity over total assets is greater than, equal to or not more than two percentage points less than the worldwide group’s ratio of equity over total assets, calculated on the basis of the ultimate consolidated financial statements relating to the period in which the relevant entity’s accounting period ends, or
 - (b) the relevant entity is a member of a single company worldwide group, the relevant entity’s ratio of equity over total assets is greater than, equal to or not more than two percentage points less than the single company worldwide group’s ratio of equity over total assets calculated on the basis of the financial statements relating to the period in which the relevant entity’s accounting period ends.
- (4) Where, in the period of 6 months prior to the end of an accounting period of a relevant entity, a scheme or arrangement is entered into which results in an increase in the amount represented by E in the

formula in subsection (1) for the relevant entity, the effect of that scheme or arrangement shall not be taken into account in calculating the relevant entity's ratio of equity over total assets for that accounting period, unless—

- (a) it is shown that the scheme or arrangement was entered into for *bona fide* commercial reasons, and
 - (b) it is not reasonable to consider that the scheme or arrangement is, or forms part of, any scheme or arrangement of which the main purpose, or one of the main purposes, is the satisfaction of paragraph (a) or (b) of subsection (3).
- (5) Where arrangements are entered into by any person and it is reasonable to consider that the main purpose, or one of the main purposes, of the arrangements, or any part of them, is the avoidance of an increase, in accordance with subsection (2), in the amount included as E in the formula in subsection (1), subsection (2) shall apply as if the arrangements, or that part of them, had not been entered into.
- (6) Subject to section 835AAJ(2) and (3), where this section applies in respect of an accounting period of a relevant entity, the relevant entity may make an election under this subsection.
- (7) Where a relevant entity makes an election under subsection (6) in respect of an accounting period, section 835AAC shall not apply to the relevant entity in respect of the accounting period.

Election

835AAJ. (1) An election under section 835AAH or 835AAI shall be made—

- (a) in such form as the Revenue Commissioners shall specify, and
 - (b) on or before the specified return date for the accounting period to which the election relates.
- (2) An election shall not be made by a relevant entity under section 835AAH and 835AAI in respect of an accounting period.
- (3) An election shall not be made by a relevant entity under section 835AAH or 835AAI in respect of an accounting period where the relevant entity is an interest group and its members include a company referred to in section 835AAK(1)(a)(ii).

Chapter 4

Application of this Part to interest groups

Interpretation (Chapter 4)

835AAK. (1) For the purposes of this Part, an 'interest group' shall comprise the companies within the charge to corporation tax in the State that—

- (a) are—

- (i) members of the same worldwide group, or
 - (ii) where not members of the same worldwide group, deemed to be members of the same group of companies under section 411,
- and
- (b) have elected to be members of the interest group.
- (2) Where a company, branch or agency, or any activities of a company, branch or agency, falls to be included in two interest groups, then the company, branch or agency shall elect to be treated as a member of one such group only for the purposes of this Part.
- (3) The election referred to in subsection (1) shall—
- (a) apply for a period of at least three years from the beginning of the accounting period in respect of which the election is made or, if later, the date on which one of the conditions set out in subsection (1)(a) is satisfied,
 - (b) be made in such form as the Revenue Commissioners shall specify, and
 - (c) be made on or before the specified return date for the accounting period to which the election first relates.
- (4) Subsequent to the period referred to in subsection (3)(a), an election referred to in subsection (1) may be withdrawn and such withdrawal shall—
- (a) apply for a period of at least three years from the beginning of the accounting period in respect of which the withdrawal is made,
 - (b) be made in such form as the Revenue Commissioners shall specify, and
 - (c) be made on or before the specified return date for the accounting period to which the withdrawal first relates.

Application of Part to interest group

- 835AAL.** (1) This section applies where a company is a member of an interest group.
- (2) Where a relevant entity is an interest group, section 835AAC shall apply, subject to the modification that a reference to a disallowable amount of a relevant entity shall be construed as a reference to the disallowable amount of the member of the interest group calculated or allocated, as the case may be, in accordance with subsection (6), (7) or (8), as the case may be.
 - (3) Where an amount is required to be calculated in respect of an interest group for the purposes of this Part, it shall comprise the results of all the members of the interest group.

- (4) The accounting period of an interest group shall be the accounting period which is common to more than half of the members of the interest group or, where there is no such accounting period, the accounting period of the reporting company.
- (5) Where the accounting period of a member of an interest group does not coincide with the accounting period of the interest group—
- (a) the results of such a member shall be apportioned such that the income and expenses are those which, on a just and reasonable basis, arose during the accounting period of the interest group, and
- (b) all balance sheet amounts shall be those which would be reflected in the balance sheet of the member of the interest group on the final day of the accounting period of the interest group.
- (6) Subject to subsections (7) and (8), the disallowable amount of a member of an interest group shall be calculated as follows:

$$DA_{\text{member}} = DA_{\text{group}} \times (DIE_{\text{member}} / DIE_{\text{group}})$$

where—

DA_{member} is the disallowable amount of the member of the interest group,

DA_{group} is the disallowable amount of the interest group,

DIE_{member} is the deductible interest equivalent of the member of the interest group, and

DIE_{group} is the deductible interest equivalent of the interest group.

- (7) Where a reporting company and each member of the interest group concerned jointly notify the Revenue Commissioners, in the form specified by the Revenue Commissioners for that purpose, that the disallowable amount, or a portion of the disallowable amount, of the interest group should be deemed to be the disallowable amount of a member of the interest group, the disallowable amount of that member shall be the amount so notified.
- (8) A disallowable amount allocated under subsection (7) to a member of an interest group in an accounting period shall not exceed the deductible interest equivalent of that group member for that accounting period.
- (9) Subject to subsection (10), the total spare capacity of a member of an interest group arising in an accounting period shall be calculated as follows:

$$TSC_{\text{member}} = TSC_{\text{group}} \times (TIE_{\text{member}} / TIE_{\text{group}})$$

where—

TSC_{member} is the total spare capacity of the member of the interest group,

TSC_{group} is the total spare capacity of the interest group,

TIE_{member} is the taxable interest equivalent of the member of the interest group, and

TIE_{group} is the taxable interest equivalent of the interest group.

- (10) Where a reporting company and each member of the interest group concerned jointly notify the Revenue Commissioners, in the form specified by the Revenue Commissioners for that purpose, that the total spare capacity, or a portion of the total spare capacity, of the interest group should be deemed to be the total spare capacity of a member of the interest group, the total spare capacity of that member shall be the amount so notified.
- (11) For the purposes of the application of section 835AAD or 835AAE to an interest group, a reference in the section concerned to a relevant entity shall be construed as a reference to a member of an interest group.
- (12) Where—
- (a) an amount of total spare capacity is carried forward from a preceding accounting period by a member of an interest group, and
 - (b) the reporting company of the interest group and each member of the interest group concerned jointly notify the Revenue Commissioners, in the form specified by the Revenue Commissioners for that purpose, that the total spare capacity so carried forward, or a portion of that total spare capacity, should be reallocated to a member of the interest group,
- the total spare capacity so notified shall be allocated to the member of the interest group.
- (13) Subject to subsection (14), where the relevant entity is an interest group, section 835AAI shall apply subject to the modification that the relevant entity's ratio of equity over total assets shall be calculated on the basis of a consolidation of the results of the members of the interest group as if each member of the interest group had a common ultimate parent resident in the State prepared under the same body of accounting standards and same accounting policies as applies to the ultimate consolidated financial statements of the worldwide group concerned, but where a member of an interest group is a branch or agency of a company not resident in the State, then the results of that member of the interest group shall be the results of the branch or agency.
- (14) Where members of an interest group hold investments in companies

which are not members of an interest group, and such investments would, but for this subsection, be fully consolidated in the results of the members of an interest group prepared pursuant to subsection (13), those investments shall, for the purposes of subsection (13) be accounted for at cost, measured at the lower of their carrying amount and fair value less costs to sell, as if the relevant entity was a company required to prepare non-consolidated financial statements.

- (15) A payment for relief shall not—
- (a) be taken into account in computing profits or losses of either the payor or the recipient of the payment for relief for corporation tax purposes, and
 - (b) be regarded as a distribution or a charge on income for any of the purposes of the Corporation Tax Acts.

Interest group reporting

- 835AAM.** (1) An interest group shall appoint a member of the group that is a chargeable person, within the meaning of Part 41A, for the purposes of this Chapter (in this Part referred to as a ‘reporting company’).
- (2) Where an election has been made in accordance with section 835AAK to form an interest group, the reporting company shall make a return on behalf of the interest group on or before the specified return date for the accounting period, in the form specified by the Revenue Commissioners.
- (3) The return referred to in subsection (2) may include the following details in respect of the interest group and an accounting period of the interest group:
- (a) the name and tax reference number of each member of the interest group;
 - (b) EBITDA;
 - (c) the allowable amount;
 - (d) exceeding borrowing costs;
 - (e) the disallowable amount and its allocation as amongst the members of the interest group;
 - (f) total spare capacity and its allocation as amongst the members of the interest group;
 - (g) in respect of amounts carried forward from prior accounting periods—
 - (i) deemed borrowing cost carried forward and its allocation as amongst the members of the interest group,
 - (ii) deemed borrowing cost utilised in the accounting period and its

- allocation as amongst the members of the interest group,
- (iii) total spare capacity carried forward and its allocation as amongst the members of the interest group, and
 - (iv) total spare capacity utilised in the accounting period and its allocation as amongst the members of the interest group;
- (h) where an election is made in accordance with section 835AAH(1)—
- (i) group exceeding borrowing costs, and
 - (ii) group EBITDA;
- (i) where an election is made in accordance with section 835AAI(6)—
- (i) amount inserted in respect of E, for the interest group and the worldwide group, in the formula for the calculation of the ratio of equity over total assets in section 835AAI(1), and
 - (ii) amount inserted in respect of A, for the interest group and the worldwide group, in the formula for the calculation of the ratio of equity over total assets in section 835AAI(1);
- (j) where a payment for relief is made in accordance with section 835AAL(15)—
- (i) the name and tax reference number of the payee and payor, and
 - (ii) the amount of the payment.

- 653AD.** (1) This section applies in respect of a site where, subsequent to the publication of a final map, a local authority, following consultation with any person referred to in article 28 of the Planning and Development Regulations 2001, determines that, on the basis of information available at that time to the local authority, the site or part of the site is affected, in terms of its physical condition, by matters to a sufficient extent to preclude the provision of dwellings, including contamination or the presence of archaeological or historic remains.
- (2) Where a local authority makes a determination under subsection (1), it shall notify, in writing, the liable person in respect of the site as soon as practicable of its determination.
- (3) A notification under subsection (2) shall specify the date from which the site or part of the site concerned is determined by the local authority concerned to have been affected in the manner referred to in subsection (1).
- (4) Where this section applies in respect of a site, the site (or where only part of the site is affected in the manner described in subsection (1), the part of the site so affected), shall, notwithstanding the inclusion of the site in a final map, not be a relevant site from the date specified in accordance with subsection (3).
- (5) Subject to subsection (6), where a person has paid residential zoned land tax in respect of a site in respect of which this section applies, the person may make a claim for repayment of the tax.

T is the total amount of residential zoned land tax paid in respect of the site,

A_{part} is the area, in square metres, of the part of the site affected in the manner described in subsection (1), and

(2) Where—

- (a) this section applies, and
- (b) either—
 - (i) the appeal referred to in paragraph (a) of subsection (1) or the judicial review referred to in paragraph (b) of that subsection is determined in favour of the owner of the site by the liability date in the year of publication of the final map or revised map, as the case may be, or
 - (ii) the development plan is varied by the liability date in the year of publication of the map or revised map, as the case may be, such that the site no longer satisfies the relevant criteria,

the site shall be treated for the purposes of this Part as not being a relevant site from the date of the making of the appeal, the date of the application for judicial review or the date of the submission under section 653I, as the case may be.

(3) Where a site ceases to be a relevant site in accordance with subsection (2), the liable person in relation to the site may make a claim for the repayment of all residential zoned land tax paid by that liable person in respect of the land that arose from the date of the making of the appeal, of the application for judicial review or of the submission under section 653I, as the case may be.

(4) Where—

(a) this section applies, and

(b) either—

(i) the appeal referred to in paragraph (a) of subsection (1) or the judicial review referred to in paragraph (b) of that subsection has not been determined by a return date, or

a liable person in relation to the site may, in a return made under this Part, make a claim to defer payment of the residential zoned land tax payable in respect of the site until such time as the appeal or judicial review is determined or the process concluded, as the case may be.

(5) Where a liable person makes a claim under subsection (4) and the appeal is determined in favour of the person, or the development plan is varied such that the site is not a relevant site, as the case may be, residential zoned land tax deferred pursuant to the claim shall not be due and payable.

(6) Where a liable person makes a claim under subsection (4) and the appeal or judicial review, as the case may be, is not determined in favour of the liable person or the development plan is not varied such that the site is a relevant site, as the case may be, the liable person shall amend each return in which such a claim was made, and pay any tax and interest due accordingly.

(7) Where a liable person makes a claim under subsection (4) and sells their interest in the relevant site before the appeal or judicial review, as the case may be, is determined or the process under section 13 of the Act of 2000 in relation to the variation of the development plan concerned has concluded, the liable person shall amend each return in which such claim was made, and pay any tax and interest due accordingly.

 - (ii) a person connected (within the meaning of section 10) with the applicant or the owner.
- (2) This section applies where a planning permission has been granted, but the development concerned cannot commence because the decision to grant the planning permission is subject to a relevant appeal which has not been determined at a liability date.
- (3) Where this section applies and the relevant appeal concerned is subsequently determined such that the grant of planning permission is upheld, the liable person may make a claim for the repayment of all residential zoned land tax paid by that liable person in respect of the site to which the planning permission relates that arose from the date on which the relevant appeal was first made until the date on which the grant of planning permission was upheld.
- (4) At a return date after the date on which a relevant appeal was made but before the relevant appeal has been determined, a liable person may make a claim to defer payment of the residential zoned land tax in respect of the site to which the planning permission relates until such time as the relevant appeal is determined, and—
- (a) where the relevant appeal is determined such that the grant of planning permission is upheld, the tax so deferred shall no longer be due and payable,
 - (b) where the relevant appeal is determined such that the grant of planning permission is overturned, the liable person shall amend each return in which such a claim was made, and pay any tax and interest due accordingly, or
 - (c) where the owner sells the property before the relevant appeal is determined, the liable person shall amend each return in which such claim was made, and pay any tax and interest due accordingly.

 - (b) in respect of development on which planning permission has been granted, where that development consists either wholly or partly of development for a purpose other than residential development.
- (2) Subject to subsection (6), where, in respect of a relevant site to which this section applies, a commencement notice has been lodged with a local authority in respect of development under the planning permission concerned, so much of the site as is being developed for a purpose other than residential development shall, from the date of the commencement notice, or where more than one commencement notice is lodged, from the date of the first commencement notice in respect of which works comprising substantial activity commence within the timeframe specified in the notice, cease to be treated as a relevant site.
- (3) Where the development to which the planning permission referred to in subsection (1) relates consists of both residential development and other development—
- (a) the market value of the relevant site concerned shall be apportioned, in accordance with subsection (4), between the portion of the site that is allocable to the residential development (in this section referred to as the ‘liable part of the relevant site’) and the portion allocable to the other development, and
 - (b) the market value of the liable part of the relevant site so apportioned shall, for the purposes of section 653R, be treated as the market value of the relevant site on the liability date immediately following the date on which the commencement notice, or the first such notice, as the case may be, referred to in subsection (2) is lodged.
- (4) The market value of the liable part of the relevant site shall be determined by the formula—

- A is the market value of the relevant site on the day before the date on which the commencement notice, or the first such notice, as the case may be, referred to in subsection (2) is lodged,
- B is, in accordance with the planning permission, the portion of

the gross floor space for all of the development, to which the planning permission referred to in subsection (1) relates, which comprises dwellings, and

C is the total gross floor space for all of the development to which the planning permission referred to in subsection (1) relates.

- (5) Where the market value of the liable part of a relevant site is determined in accordance with subsection (4) then, for the purposes of section 653R, at the liability date immediately following the submission of the commencement notice concerned, the liable part of the relevant site shall be treated as having a valuation date falling on the same day as that liability date.
- (6) Where there is no substantial activity in relation to that part of a relevant site to which this section applies which is being developed for a purpose other than residential development within a reasonable period of time from the date of the commencement notice, or the first commencement notice in respect of which works comprising substantial activity commence within the timeframe specified in the notice, as the case may be, referred to in subsection (2) that is lodged with the local authority, that part of the site which is being developed for a purpose other than residential development shall not, subject to this Part, cease to be treated as a relevant site until such time as works comprising substantial activity on that part of the site are commenced.
- (7) A liable person in relation to a relevant site to which this section applies shall—
 - (a) within 30 days of the date on which the commencement notice, or the first such notice, as the case may be, referred to in subsection (2) is lodged, make a declaration to the Revenue Commissioners, in such form and containing such information as they may prescribe, that this section applies to the relevant site, and

(a) the market value of the qualifying part of a relevant site on the first liability date after the commencement notice referred to in subsection (1)(c) is lodged, (represented by ‘B’ in the formula contained in subsection (5)(ii)), shall be computed in the same manner as the market value of the ‘liable part of the relevant site’ (within the meaning of section 653AG) is computed under section 653AG(4), and

(b) for the purposes of section 653R—

(i) so much of the relevant site to which residential zoned land tax continues to apply shall be treated as having a valuation date falling on the same day as the first liability date after the commencement notice referred to in subsection (1)(c) is lodged and, where section 653AG(2) applies in relation to that portion of the site which is being developed for a purpose other than residential development, the market value on that valuation date shall be the market value determined in accordance with paragraph (a), and
