EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

These Regulations prescribe the form and manner in which a notification for, and a requirement or decision relating to, an attached dwelling to meet the damage threshold is to be made, and the form and manner in which an application for, and a requirement or decision relating to, an adjacent remediation option is to be made; both in respect of a relevant dwelling damaged by the use of defective concrete blocks in its construction and prescribe other relating forms. Other matters being prescribed for in these Regulations include provisions to extend relevant owner status, the creation of a second charge for rental dwellings and the reimbursement of fees associated with the cost of engineers reports as required under the Principal Act for transitional applicants; and relating forms. Amendments to the Principal Regulations, including the introduction of grant rates that will apply for the new local authorities recently designated under the Scheme (parts of Fingal and Wexford), are also being prescribed for in these Regulations.
